- CULTURAL ARTS
- THEATER
- PRINTMAKING

## Is Your Student A Future Artist?

The After School Arts Program (A.S.A.P.) is back! New Program Coordinator Andrea Locke (B.S. in Dance, University of Idaho) will be teaching this year, along with exciting guest instructors including Mandi Wickline, Anna Miller, Martha Flores, and more! With programming at two locations Osborn Elementary in Leavenworth and Cashmere United Methodist Church (near all Cashmere schools), it's convenient and easy for your student to attend. At just \$10 per week (and with scholarships available to families in need), it couldn't be more affordable! This program is hands-on, fun, and accessible.

## Art Education is Essential!

Programs like A.S.A.P. have been proven to increase self-esteem and motivate students to stay in school and excel in academic and social settings. In A.S.A.P.'s first year, the impact of the program, as reported by participating students' parents, was tangible and positive.

- Increased academic achievement - 43%
- Improved mood, motivation, ability to focus, communication skills, self-esteem, and tolerance for others - 43%
